2007 Campus Visit Schedule

Campus visits enable the CEO to observe and evaluate institutional activities through data analysis and discussions with administrators, executives, students, faculty, campus environment team, and others in the campus community to learn firsthand about the success of equal opportunity plan implementation.

Members of the CEO committed to establish dates and locations for the 2007 campus visits. Typically the committee conducts visits in conjunction with its regularly scheduled meetings. Because there is a need to conduct focus group sessions with students and faculty, it would be difficult to conduct campus visits in conjunction with the April meeting (typically a time for spring break and final exams). Therefore, February and October are best suited for a combined CEO meeting and campus visit.

In the past, the committee has recognized the importance of the institutional representatives having an opportunity to attend the annual conference of the Kentucky Association of Blacks in Higher Education (KABHE). The CEO should consider holding the April 16 meeting in Louisville. The KABHE is hosting its annual conference April 15-17, 2007, in Louisville, Kentucky. The committee might wish to ask the University of Louisville or Jefferson Community and Technical College to host its April meeting.

Visits for the remainder of the year should be discussed and scheduled.
